Ray Harryhausen turns 90 years old on June 29th, and Animate Clay will be there to celebrate the living legend of stop motion.

If you visited our sister page Stop Motion Magic you may have seen our Ray Harryhausen Tribute page. It had on it all the things that were required to take part in our live broadcast that will be heald on Rays birthday on the 29th. It stated that anyone can participate by creating a short tribute animation in honor of Ray to be show during the show.

Well the rules have changed a little bit and they are now on Animate Clay since Stop Motion Magic will be gone after July 17th. This way the tribute will have a permanent page where people can comment and talk about the occasion. It's going to be a really fun day that will include at least one guest during the live show to talk about Ray, as well as showing our members video tributes. Can we get Ray to chat as a live guest? I don't know yet, but any videos we play during the show that honor him will go on a DVD and be delivered to him to watch.

If you want to read the guidelines to enter your tribute film and discuss the online live show where we will discuss Rays lifes work, click here . Join the Facebook page for the tribute here .
